At our Schools, we ensure that every student has access to a library, which is a key to knowledge and learning. We believe that reading is the foundation of all learning, and our libraries are stocked with a wide range of books to cater to all interests. We encourage students to read for pleasure, as well as for research and academic purposes. Our libraries are open during school hours and also on weekends, to accommodate the needs of students and parents. Through regular reading, students develop a love for books, which is essential for their academic success and personal growth. We firmly believe that reading is the key to unlocking the treasures of knowledge and understanding the world around us.
